About Me

Frontend Developer with strong fundamentals in JavaScript, React, HTML, and CSS, experienced in building responsive web applications and algorithm-based solutions. Proven ability to translate requirements into clean, user-friendly interfaces while applying data structures and problem-solving skills.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+)

Frontend: React.js (Hooks, Redux/Context API, React Router), Tailwind, Material UI, Responsive Design

APIs: REST, Axios, JSON, Async/Await

Tools: Git, GitHub, npm/yarn, Chrome DevTools, ESLint, Prettier

Testing: Jest, React Testing Library

Other: Code Splitting, Lazy Loading, Memoization, Accessibility, Basic Node.js/Express

Projects

Habit Tracker Pro — JavaScript Web Application

[Live Demo](#)

HTML, CSS, JavaScript

- Designed and developed a responsive habit-tracking web app enabling users to manage routines and track consistency using vanilla JavaScript, HTML5, and CSS3.
- Implemented streak tracking and analytics visualization to improve user engagement through dynamic DOM manipulation.
- Deployed the application on GitHub Pages ensuring public accessibility and cross-device compatibility.

Text-to-Speech Converter — Web Application

[Live Demo](#)

HTML, CSS, JavaScript

- Developed an interactive text-to-speech application converting user input into audible speech using the browser's Speech Synthesis API.
- Created a clean and accessible UI with responsive design and real-time performance.

Least Time Travel Path Finder — Algorithm-Based Web App

JavaScript, HTML, CSS

- Built a path optimization web application to calculate the least-time travel route between cities by implementing Dijkstra's Algorithm in JavaScript.
- Visualized shortest-path computation to enhance algorithm understanding through interactive UI components.

Education

M.Sc. Electronics & Communication

Ranchi University, Ranchi

Aug 2019 – Aug 2021

CGPA: 8.81

B.Sc. Physics

Gossner College, Ranchi

Aug 2016 – Aug 2019

63%

Certifications & Achievements

Advance Diploma in Computer Application - "Varanyam Education"

June 2022 – May 2023

5-Star JavaScript Certification

HackerRank

Problem Solving Certification

HackerRank

Data Visualization with Power BI

Certification
